Hi, my name is Natasha Parks

I’m a Family and Consumer Sciences Extension Agent in Duval County

My Extension work involves supervising the Expanded Food and Nutrition Education Program, managing the Master Food and Nutrition Volunteer Program and promoting healthy lifestyles to the residents of Duval County.

The best thing about my work: Addressing community needs through nutrition and food safety education feeds my passion for teaching. It is rewarding to hear a participant’s appreciation for the programs offered by Extension.
Hi, my name is Stephen Gran

I’m a UF/IFAS Extension Director in Hillsborough County

My Extension work involves coordinating with government agencies, businesses, citizen groups and individuals to assess and plan how Extension resources can have a positive impact on community issues.

The best thing about my work is making a difference for other people by using education to help solve real-life problems.
Hi, my name is Henrique Mayer

I’m a Commercial Urban Horticulture Extension Agent at UF/IFAS Extension in Miami-Dade County

My Extension work involves helping to resolve arboricultural and horticultural problems for the commercial landscape industry, pest control operators, homeowners’ associations, cities, municipalities and arborists in Miami-Dade County.

The best thing about my work is that every day is different! It’s a dynamic job with a lot of challenges. Still too much to be done!
Hi, my name is Shannon Carnevale

I’m a Natural Resources and Conservation Extension Agent in Polk County

My Extension work involves educational programming that teaches residents about the plants, animals, water and ecosystems in Polk County and Central Florida.

The best thing about my work is introducing people to the natural treasures we have here in Florida. You can literally see people connect to the world they live in—it’s addictive!
Hi, my name is Julie Dillard

I’m a UF/IFAS Extension Director and 4-H Agent in Washington County

My Extension work involves educating 4-H adult and youth volunteers to develop communication, leadership and life skills in our youth.

The best thing about my work is seeing our county 4-H program grow and teaching Extension programs that improve lives.
